

Please do not let LPFM stations have priority over the current Fm stations. K-Love (100.7 FM) would be one of the unfortunate stations that would suffer GREATLY if this were to happen. K-Love is an essential part of many people's lives and it's impact nation wide is amazing. Many if not all of my friends (18-26) listen to them and their spiritual advice and reminders are easily applied to our lives daily. For example my sister and I both listen to K-Love and it has helped us both gather the strength to barrel through many tough decisions and surcomstances in our lives. The K-love support and prayer teams are wonderful and TRULY care about their listeners! They have given emotional and spiritual support to my sister as she's going through tough times and it's been an important factor in keeping her focused on her daughter's life and love. Please, do not let LPFM stations overrun the current FM stations. I know that if K-Love was not there for my sister, when other's couldn't, she would not have the strength in knowing that there are people praying for her. And that in it's self is such a powerful thing! There are so many general stations that all you get is negative emotions, sounds, and who don't make an opportuntiy to get to know their listeners, K-Love is not that, they are positive and encouraging, just like their motto. There are hundreds of thousands of people who depend on the support of K-Love, because they have no one else who will listen. There are NOT many stations like K-Love out there, Please do not let them vanish from the air waves.
